## SCHEDULE OF FINDINGS AND QUESTIONED COSTS

## Pierce County Housing Authority January 1, 2023 through December 31, 2023

## **SECTION I – SUMMARY OF AUDITOR'S RESULTS**

The results of our audit of the Pierce County Housing Authority are summarized below in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

## **Financial Statements**

We issued an unmodified opinion on the fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP).

Internal Control over Financial Reporting:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the Housing Authority.

## Federal Awards

Internal Control over Major Programs:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the Housing Authority's compliance with requirements applicable to its major federal program.

We reported no findings that are required to be disclosed in accordance with 2 CFR 200.516(a).

## **Identification of Major Federal Programs**

The following program was selected as a major program in our audit of compliance in accordance with the Uniform Guidance.

ALN	Program or Cluster Title
14.871	Housing Voucher Cluster - Section 8 Housing Choice Vouchers

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by the Uniform Guidance, was \$1,201,355.

The Housing Authority did not qualify as a low-risk auditee under the Uniform Guidance.

## **SECTION II – FINANCIAL STATEMENT FINDINGS**

None reported.

# SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None reported.

## SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

## **INDEPENDENT AUDITOR'S REPORT**

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

> Pierce County Housing Authority January 1, 2023 through December 31, 2023

Board of Commissioners Pierce County Housing Authority Tacoma, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Pierce County Housing Authority, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements, and have issued our report thereon dated September 30, 2024.

## **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING**

In planning and performing our audit of the financial statements, we considered the Housing Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Housing Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

We noted certain other matters that we have reported to the management of the Housing Authority in a separate letter dated September 30, 2024.

## **REPORT ON COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **PURPOSE OF THIS REPORT**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

Fat Marchy

Pat McCarthy, State Auditor Olympia, WA September 30, 2024

## **INDEPENDENT AUDITOR'S REPORT**

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance

## Pierce County Housing Authority January 1, 2023 through December 31, 2023

Board of Commissioners Pierce County Housing Authority Tacoma, Washington

# REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

## **Opinion on Each Major Federal Program**

We have audited the compliance of the Pierce County Housing Authority, with the types of compliance requirements identified as subject to audit in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the Housing Authority's major federal programs for the year ended December 31, 2023. The Housing Authority's major federal programs are identified in the auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2023.

#### **Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report. We are required to be independent of the Housing Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on the Housing Authority's compliance with the compliance requirements referred to above.

### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Housing Authority's federal programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Housing Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the Housing Authority's compliance with the requirements of each major federal program as a whole.

Performing an audit in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance includes the following responsibilities:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Housing Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances;

- Obtain an understanding of the Housing Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control over compliance. Accordingly, no such opinion is expressed; and
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies, is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed. Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

#### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

Tat Marchy

Pat McCarthy, State Auditor Olympia, WA September 30, 2024

## **INDEPENDENT AUDITOR'S REPORT**

Report on the Audit of the Financial Statements

## Pierce County Housing Authority January 1, 2023 through December 31, 2023

Board of Commissioners Pierce County Housing Authority Tacoma, Washington

## **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

### Opinion

We have audited the accompanying financial statements of the Pierce County Housing Authority, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements as listed in the financial section of our report.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Pierce County Housing Authority, as of December 31, 2023, and the changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Housing Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Matters of Emphasis**

As discussed in Note 15 to the financial statements, in 2023, the Housing Authority adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinion is not modified with respect to this matter.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Housing Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Performing an audit in accordance with GAAS and *Government Auditing Standards* includes the following responsibilities:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements;
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Housing Authority's ability to continue as a going concern for a reasonable period of time; and
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed in the financial section of our report be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Housing Authority's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The accompanying Financial Data Schedule form is supplementary information required by HUD. These schedules are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying

accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2024 on our consideration of the Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority's internal control over financial report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control over financial report is and compliance.

Tat Marthy

Pat McCarthy, State Auditor Olympia, WA September 30, 2024

## SUPPLEMENTARY AND OTHER INFORMATION

Schedule of Expenditures of Federal Awards – 2023 Notes to the Schedule of Expenditures of Federal Awards – 2023 Financial Data Schedule – 2023

The Housing Authority of Pierce County (Authority), doing business as the Pierce County Housing Authority (PCHA), management's discussion and analysis is intended to assist the reader in focusing on significant financial issues, provide an overview of the Authority's financial activity, identify changes in the Authority's financial position, and identify individual fund issues or concerns. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements.

#### **Financial Highlights**

- The Authority's overall cash position increased by \$3.5 million (34%) during the year. Unrestricted cash and cash equivalents increased by \$603 thousand (9%) and restricted cash equivalents increased by \$2.9 million (79%). The restricted cash equivalents increase is due to sales of public housing units.
- Total assets and deferred outflows of resources of the authority exceeded total liabilities and deferred inflows of resources at December 31, 2023 by \$18.3 million, which is an increase of \$3.1 million (21%) during the year.
- Deferred outflow of resources decreased by \$171 thousand (22%) during the year due to a decrease in deferred outflow of resources related to pensions, while the deferred inflows of resources decreased by \$349 thousand (41%), also related to pensions.
- Total operating revenues were \$48.6 million, an increase of \$4.5 million. HUD Operating grants increased by approximately \$3.8 million (12%). Other revenues decreased \$618 thousand (39%). This is mainly due to absorption of portability vouchers, causing the revenue related to ports to decrease.
- Operating expenses were \$46.7 million and include \$35.4 million in housing assistance payments (HAP) made to landlords (76% of operating expenses). HAP increased by \$3.2 million (10%) from the previous year. Administrative expenses increased \$672 thousand (16%), largely due to an increase in tenant screening costs and temporary labor expense. Total operating expenses, other than the aforementioned, were consistent with the previous year.

#### **Authority Wide Financial Statements**

The focus of Authority-wide financial statements is on the overall financial position and activities of PCHA. The Authority's financial statements include Statement of Net Position, a Statement of Revenues, Expenses & Changes in Fund Net Position, a Statement of Cash Flows, Notes to the Financial Statements and Required Supplementary Information. The financial statements are prepared using the accrual basis of accounting and conform to generally accepted accounting principles as applicable to proprietary funds of governments.

The statement of net position presents total assets and deferred outflows of resources and total liabilities and deferred inflows of resources with the difference between these reported as net position. It provides information about the nature and amounts of investments in resources (assets), consumption of resources that are applicable to future periods (deferred outflows), obligations to the Authority's creditors (liabilities) and the acquisition of resources that are applicable to a future reporting period (deferred inflows). It provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial condition of the Authority is improving or deteriorating.

The statement of revenues, expenses, and changes in fund net position presents the results of the business activities over the course of the year. This information can be used to determine whether the Authority has successfully recovered all its costs through its user fees and other charges, profitability and creditworthiness.

The statement of cash flows reports cash receipts, cash payments, and net changes in cash resulting from operating, financing, and investing activities over the course of the year. It presents information regarding where cash came from and how it was used.

The notes to the financial statements provide useful information regarding the Authority's significant accounting policies, significant account balances and activities, certain material risks, estimates, obligations, commitments, contingencies, and subsequent events, if any.

#### **Condensed Comparative Financial Information**

#### Condensed Comparative Statement of Net Position

The following condensed statement of net position presents the assets and deferred outflow of resources of the Authority as of December 31, 2023, and 2022:

#### Summary Statement of Net Position As of December 31, 2023 and 2022

	12/31/2023	12/31/2022	Change	Change %
Current and other assets	18,095,221	13,493,437	4,601,784	34%
Capital Assets	17,222,873	18,773,764	(1,550,891)	-8%
Total assets	35,318,094	32,267,201	3,050,893	9%
Deferred Outflows of Resources	603,413	774,877	(171,464)	-22%
Total assets and deferred outflows of resources	35,921,507	33,042,078	2,879,429	9%
Current liabilities	3,304,731	2,965,111	339,620	11%
Long-Term liabilities	17,035,747	18,296,307	(1,260,560)	-7%
Total liabilities	20,340,477	21,261,418	(920,941)	-4%
Deferred Inflows of Resources	500,847	849,415	(348,568)	-41%
Total liabilities and deferred inflows of resources	20,841,324	22,110,833	(1,269,509)	-6%
Net Position				
Net investment in capital assets	1,146,667	2,320,764	(1,174,097)	-51%
Restricted	5,607,032	1,608,408	3,998,624	249%
Unrestricted	8,326,484	7,002,073	1,324,411	19%
Total net position	15,080,183	10,931,245	4,148,938	38%

#### Major Factors Affecting the Statement of Net Position

The Statement of Net Position measures the amount by which assets exceed the corresponding liabilities or net position. Over time this may serve as a useful measure of the Authority's financial position.

The total net position of \$15 million is presented in three categories.

- Investment in Capital Assets represents the book value amount invested in capital assets net of depreciation and related debt. The primary changes that will occur in this category are property development, property disposition, depreciation, and overall debt activity, generally, the normal repayment of principal. This year the account has a decrease of \$1.1 million (51%) and is \$1.1 million at fiscal year-end. The decrease is due primarily to a disposition of public housing units, decrease in capital assets, net, from normal depreciation, as well as a decrease in long-term debt.
- The Restricted Net Position consists of three major components; required reserves for replacement (maintenance reserves), restricted federal funds, and Net Pension Assets. Reserves for replacement were \$955 million, restricted federal funds were \$3.2 million and net pension assets were \$1.4 million for a total of \$5.1 million Total Restricted Net Pension.
- The Unrestricted Net Position represents the Authority's unrestricted cash and investments, which comprises net position that does not fall into the first two categories. In 2023, this amount increased by

\$1.8 million and ended the year at \$8.8 million. The increase in this category is primarily due to changes in assets, liabilities, and deferred inflows/outflows that do not fall in investments in capital assets or restricted net position.

Current and other assets increased \$4.6 million, 34% as a result in cash increases associated with the sale of the Public Housing units. Capital assets decreased due to sale of Public Housing units and depreciation exceeding capital asset additions.

Current liabilities increased by 11%, or \$339 thousand, primarily related to an increase in accounts payable and unearned revenue.

#### Condensed Comparative Statement of Revenues, Expenses, & Changes in Fund Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the results of operations as well as the non-operating revenues and expenses. It is necessary to consider both operating and non-operating revenues to gauge the results of operations, as grants and subsidies which are considered non-operating revenues are essential to the funding of the Authority. The following table presents the Condensed Statement of Revenues, Expenses and Changes in Fund Net Position for the years ended on December 31, 2023, and 2022:

#### Summary Statement of Revenues, Expenses, and Changes in Net Position Years Ended December 31, 2023 and 2022

	12/31/2023	12/31/2022	Change	Change %
Operating revenue				
Net tenant rental revenue	9,073,412	8,269,283	804,129	10%
Government grants	39,721,429	35,290,827	4,430,602	13%
Other revenue	25,871	546,405	(520,534)	-95%
Total Operating Revenue	48,820,713	44,106,516	4,714,198	11%
Non-operating revenue				
Interest Income	15,692	1,436	14,256	993%

#### Major Factors Affecting the Statement of Revenues, Expenses and Changes in Net Position

Direct grants and subsidies from HUD make up 81% of the revenue received. The largest program the Authority administers is the Housing Choice Voucher program, commonly known as the Section 8 program. This program also generates the Authority's largest single category of expenses in the form of Housing Assistance Payments (HAP), which are transfer payments to private landlords to assist eligible low-income families with their rent. HAP subsidies and payments increased by approximately \$4.4 million in FY2023, affecting both operating revenues and expenses.

Operating expenses increased by \$3.7 million or 9%. Apart from the increase in HAP payments, the second largest contributor to this increase was an increase in administrative expenses, which increased \$672 thousand, or 13%. These increased costs are related to third-party expenses related to the software conversion and outsourcing controller duties.

Major economic conditions influencing the Authority's Statement of Revenues, Expenses and Changes in Net Position is the continued appropriation and support for these programs through Congress. In fiscal years 2023 and 2022, appropriation remained consistent, however, impacted by the rising rents and high occupancy rates within local rental market, causing the Authority to assist fewer families.

#### Capital Asset and Long-Term Debt Activity

#### Capital Assets

During the fiscal year the Authority had \$17.2 million invested in a variety of capital assets as reflected in the following schedule, which represents a net decrease of \$1.5 million from the end of last fiscal year, because of annual depreciation offset by an increase in construction in progress expenditures and sales of nine Public Housing units.

	Dec. 31, 2023	Dec. 31, 2022	Net Change	Net Change
Land	5,074,611	5,229,442	(154,831)	-3%
Construction in Progress	376,966	98,641	278,325	282%
Total non-depreciable capital assets	5,451,576	5,328,083	123,493	2%
Buildings	35,772,525	36,143,290	(370,765)	-1%

Total amortizable capital assets, net	402,990	580,322	(177,332)	-31%
Total Capital Assets, net	17,222,873	18,773,764	(1,550,891)	-8%

For more information see Note 5 of the notes to the financial statements.

#### Long-Term Debt

As of December 31, 2023, the Authority had \$16 million in loans, notes, and mortgages. This is a decrease of approximately \$370 thousand from the prior year's balance of \$16.5 million. Debt changed due to a mix of standard principal payments occurring in 2023. This information is presented in detail in Note 6 of the notes to the financial statements.

#### **Economic Factors**

HUD has renewed the Housing Choice Voucher Program and estimated the funding levels for the 2024 calendar year at \$42,581,194. The operating subsidy for the Low Rent Housing Program is estimated to be funded at \$398,690.

The estimated amount of funding for the 2023 calendar year for the Housing Choice Voucher Program will include the proration of administrative fees at 90% and HAP funding at 10% with an inflation factor of 15%

#### **Request for Information**

This financial report is designed to provide a general overview of the Authority's accountability for all those interested.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Pierce County Housing Authority (the Authority) was organized pursuant to the laws of the State of Washington. These financial statements have been prepared in conformity with generally accepted accounting principles as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The Authority's significant accounting policies are described in the following notes.

#### **A. Reporting Entity**

The purpose of the Authority is to provide safe, decent, sanitary, and affordable housing to low-income families in Pierce County, Washington, and to operate the housing programs in accordance with federal legislation administered through the U.S. Department of Housing and Urban Development (HUD) under provisions of the National Housing Act of 1937. The Authority was created in 1978 by an act of Pierce County, Washington.

The governing body of the Authority is its Board of Commissioners, which is comprised of six members, five of whom are appointed by the Pierce County Executive and ratified by the County Council and one, which is appointed by the Authority Board of Commissioners. The Board appoints an Executive Director to administer the affairs of the Authority. The Authority is not considered a component unit of Pierce County, as the Board of Commissioners independently oversees the Authority's operations and Pierce County is not financially accountable for the Authority. Financial Accountability is defined as appointment of the majority of the entities board and either (a) the ability to impose the primary governments will, of (b) the Authority will provide a financial benefit to or impose a financial burden on the primary government.

#### Discretely Presented Component Units

On January 26, 2012, the Authority's Board of Commissioners adopted a resolution relating to the organization of a nonprofit corporation, Housing Successes, to support the Authority in its goals. On July 10, 2014, the IRS provided a final determination of the tax-exempt status of Housing Successes. While considered a component unit of the Authority, there was no fiscal activity during the year.

#### Blended Component Units

During 2014, the Authority established three separate Limited Liability Companies: Chateau Rainier Apartments, LLC, DeMark Apartments, LLC, and Lakewood Village Apartments, LLC, for the purpose of debt refunding. The refunding occurred in 2015 and the Authority transferred all assets and liabilities to these three separate entities. The Authority is the sole corporate member; therefore, these three legally separate entities are considered blended component units.

The accompanying financial statements include all programs and organizations for which the Board of Commissioners is financially accountable.

#### **B.** Basis of Accounting and Presentation

Basis of Accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. The accounting records of the Authority are maintained and reported in accordance with methods prescribed by the State Auditor under the authority of Chapter 43.09 RCW and the Federal Department of Housing and Urban Development. The Authority must report using GAAP; however, it has the option to use either the single enterprise proprietary fund or special purpose governmental fund model.

The Authority has elected to report as a single-enterprise proprietary fund (business-type activities) and uses the accrual basis of accounting. The measurement focus is on the flow of economic resources. The proprietary fund is composed of a number of programs. These programs are designed to provide low-income individuals with housing. The operations of each entity are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, net position, revenues, and expenses as appropriate. Resources are allocated to and accounted for in individual programs based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Proprietary funds are used to account for activities that are operated in a manner similar to private enterprise business. Under this method revenues are recognized when earned and expenses are recognized when incurred. Capital asset purchases are capitalized, and long-term debt liabilities are accounted for in the fund. Substantially all transactions in the Affordable Housing Program are considered to be voluntary non-exchange transactions. Revenues for such transactions are recorded when eligible payments have been earned.

The Authority presents a classified statement of net position, which distinguishes between short-term and longterm assets and liabilities. The criterion used to determine whether an asset or liability is long or short-term is one year. This means that assets that are expected to convert to cash or will benefit the ensuing year's operations are treated as current assets. Likewise, liabilities that will likely be settled within the ensuing year are treated as current liabilities. Certain Liabilities, such as Compensated Absences, are classified into current and long-term portions based upon estimates of the amounts that will be settled during the ensuing year.

For the most part, the Authority reports operating revenues as defined in GASB 9. An enterprise fund distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of the Authority's enterprise fund are charges to tenants for rent and operating subsidies from HUD. The use of this classification is based on guidance from HUD, the primary user of the financial statements and is a departure from GAAP. Operating expenses for the enterprise fund include the costs of facility maintenance, housing assistance payments, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### **Assisted Housing Programs**

This major program is used to account for the various HUD and other housing assistance programs administered by the Authority such as Section 8, Low-Income Public Housing (LIPH) and Rural Development (RD) programs.

*Public Housing:* This program accounts for low-rent public housing projects developed and operated by the Authority. HUD provided development grants to allow the Authority to purchase real estate for use in the program and provides operating subsidies and capital improvement grants for ongoing management of the projects. There were 124 single family homes being operated in this program as of January 1, 2023. The Authority begun the Section 18 Disposition process in 2023; 115 single family homes remained as of December 31, 2023.

Section 8 Housing Choice Voucher Program: The Section 8 programs provide housing assistance payments for up to approximately 2,600 households who live in private and Authority owned housing. These programs were authorized by Section 8 of the National Housing Act and provide housing assistance payments to landlords and lenders to subsidize rental mortgage payments for low-income persons.

*Rural Development:* This program provides for special needs populations in rural areas. Rural Development provides both rent subsidies and interest rate subsidies for this specific project which serves 20 elderly or disabled low-income households.

#### Affordable Housing Program

This major program is used to account for various business type activity programs administered by the Authority that do not have on-going deferral subsidies to fund operations.

*Apartments:* The operation of 8 multi-family housing projects, consisting of 670 units that are financed and operated in a manner similar to private business enterprises are included in this group. Costs (expenses, including depreciation) of providing services to the general public, on a continuing basis, are recovered primarily through rental revenues.

5H Homeownership: This program accounts for the sale of public housing program homes to current residents. Homes sold under this program are transferred from the Assisted Housing Program to the Homeownership program sub-account within the Affordable Housing program at its net book value. The proceeds of the sales are a combination of cash. For privately financed first mortgages, and second mortgage notes receivable. The Authority holds a "silent second" mortgage that bears no interest. These mortgages are due upon sale of the property or at such time as the family can afford to pay at least \$50 per month in debt service as determined under program guidelines. Since the timing of repayment of these notes is uncertain, the investment in the related notes receivable have not been discounted. As such, these notes are stated at their face value in the accompanying statement of net position.

#### C. Specific Assets, Liabilities and Net Position or Equity

1. Cash, Cash Equivalents and Investments

For the purposes of the Statement of Net Position and the Statement of Cash Flows, The Authority considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased, or available on demand, to be cash equivalents.

2. <u>Restricted Assets</u>

In accordance with loan agreements and federal contracts (and certain related agreements) separate restricted accounts are required to be established. The assets held in these accounts are restricted for specific use, including assets to be used for replacement reserves, tenant security deposits, excess HAP funding, and Family Self Sufficiency ("FSS") funds held in escrow for families who successfully fulfill the program requirements. Restricted assets also include Pension Assets.

3. <u>Receivables</u>

Receivables consist of amounts owed from private individuals or organizations for goods and services including amounts owed for which billings have not been prepared. The Allowance for Doubtful Accounts is determined at the end of the year by evaluating the facts and circumstances of each account included in accounts receivable. On the financial statements, the receivables are presented in a net format after deducting the current allowance amount.

Notes held by the Authority under its Homeownership and Low-Income Public Housing Programs are stated at the face value of unpaid second mortgages and unpaid rental account debt. Because the ultimate timing of receipt of these funds is uncertain, no discounting of amounts to reflect the time value of

money is reflected in these financial statements. Mortgage and rental account payments that are due in 2023 are classified as current assets.

4. Inventories

The "Inventories" account includes any material dollar amount of rental property components on hand and not installed at a particular property as of the date of the Statement of Net Position. Generally, components are ordered as needed for specific repairs and not maintained as inventory. Inventory is valued at cost and is valued using the "first in first out" (FIFO) method which approximates the market value.

5. Capital Assets

Costs in excess of \$5,000 that materially add to the productive capacity and extend the life of an asset longer than one year are capitalized, while maintenance and repair costs are expensed as incurred. All capital assets are valued at historical cost. Property, plant, and equipment donated or sold at a bargain discounted price to the Authority is recorded at the acquisition value determined at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following useful lives: Buildings and Improvements 15 – 40 years

Dundings and improvements	15 – 40 years	
Equipment	5 years	

The Authority has acquired certain assets with funding provided by federal financial assistance programs. Depending on the terms of the agreements involved, the federal government could retain an equity interest in these assets. However, the Authority has sufficient legal interest to accomplish the purposes for which the assets were acquired.

6. Compensated Absences

Compensated absences are absences for which employees will be paid, such as vacation and sick leave. Vacation pay, which may be accumulated up to 120 hours annually, is payable to the employee based upon terms of the collective bargaining agreement or employment policy whichever is applicable. An employee may accrue up to a maximum of 480 hours of sick pay and is payable upon terms of the collective bargaining agreement or employment policy whichever is applicable. Vested and accumulated vacation and sick leave are reported as expenses and classified into current and long-term portions in the applicable program.

7. Family Self Sufficiency

FSS Escrows consist of escrow accounts of tenants participating in a HUD self-sufficiency program. These accounts are held on behalf of the tenants until completion or termination of the program.

8. Unearned Revenues

The Authority has unearned revenues which arise when the cash has been received, but the potential revenue has not been earned in the current period. Unearned revenue results from ground lease payments, grants and tenant rent payments received in advance of the period in which these are considered earned. Unearned tenant rent payments were received prior to year-end before they were due; grant funding was received in advance of incurring related expense.

#### 9. Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of all state sponsored pension plans and additions to/deductions from those plans' fiduciary net position have been determined on the same basis as they are reported by the Washington State Department of Retirement Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For purposes of calculating the restricted net position related to the net pension asset, the Authority includes the net pension asset less the deferred inflows plus deferred outflows related to the PERS 2/3 retirement system. For details of the Pension Plans, see Note 7.

#### 10. Deferred Inflow/Outflow of Resources

A deferred outflow of resources is a consumption of net position this is applicable to future periods. Deferred inflows of resources are acquisitions of net position in one period that are applicable to future periods. These are distinguished from assets and liabilities in the statement of net position. The Authority recognizes deferred outflows and deferred inflows related to pension liability and OPEB.

#### 11. Net Position

Net position represents the difference between assets, deferred outflows of resources, deferred inflows of resources, and liabilities.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings that have been used for the acquisition, construction, or improvement of those assets.

Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Authority or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Authority applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

#### 12. Capital Contributions

Capital contributions arise from the contributions of capital assets or from grants or outside contributions of resources restricted to capital acquisition and construction.

#### 13. Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclose of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### 14. Inter-Program Receivables and Payables

During the normal course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "inter-program due from" or "inter-program due to" have been eliminated in the preparation of the basic financial

statements. In addition, offsetting inter-program operating transfers between individual programs have also been eliminated in the preparation of the financial statements.

#### NOTE 2: DEPOSITS AND INVESTMENTS

#### A. Deposits

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository institution, the Authority would not be able to recover deposit or will not be able to recover collateral securities that are in possession of an outside party. The Authority's deposits and certificates of deposit are entirely covered but the federal Deposity Insurance Commission (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection (PDPC). It is the policy of the Authority, when making deposit or investing in bank market rate savins or certificates of deposit, top use banks which are qualified public depositories as designated by the Washington Public Deposit Protection Comm (PDPC) pursuant to RCW 39.58. The PDPC is a risk sharing pool whereby member banks that are designated as "qualified public depositories" mutually insure public deposits against loss. As a result, the FDIC or PDPC insures all demand deposits and bank balances of the Authority against loss.

The Authority does not have a deposit policy for custodial credit risk. The Authority's bank balances in the amount of \$13,839,837 were secured through federal depository insurance or collateralized securities at December 31, 2023. This balance does not include deposits in transit at year end totaling \$266,533.

#### **B.** Investments

The Authority's investment policy authorized investments that meets objectives such as security, liquidity, and return on investment, while conforming to all federal, state, and local statutes. It is the Authority's policy to invest only in instruments permitted by the U.S. Department of Housing and Urban Development.

Available excess cash or demand deposits of the Authority are invested in accordance with RCW 35.82.070(6) and the Authority's policies. Investments consist of deposits with qualified public depositories, obligations of the U.S. Treasury and agencies, banker's acceptances, commercial paper, and repurchase agreements. All restricted cash and investments held in bond trust accounts were invested in accordance with the provisions of the various trust indentures. Certain investments may meet the criteria of cash and cash equivalents but are treated as investments by the Authority because of their intended long-term use. As of the year end, the Authority had no investments. Investments are subject to the following risks:

#### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Authority's policy minimizes the risk by staggering the maturity of dates of its investments as well as limiting the weighted average maturities to one year.

#### Credit Risk

Credit risk is defined as the risk that an issuer or other counterparts to an investment in debt securities will not fulfill its obligation. The Authority does not have a formal policy that addresses credit risk.

#### Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The Authority does not have a formal policy for custodial credit risk. The Authority had no custodial credit risk for its investments as of December 31, 2023.

#### Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.

#### NOTE 3: RESTRICTED ASSETS

The restricted assets balance consists of the following items as of December 31, 2023:

	12/31/2023
	461 507
Tenant Security Deposits	461,507
Restricted for Replacement Reserves	1,208,614
FSS Escrow Deposits	590,344
Restricted for Current Liabilities	1,349,693
Restricted for Section 18 Disposition	3,246,478
	6,856,637

#### NOTE 4: ACCOUNTS RECEIVABLE

Accounts receivable balance consists of the following items as of December 31, 2023.

Accounts Receviable Item	Amount		
HUD	\$	722,735	
Project		184,496	
Tenants		1,468,520	
Other		31,459	
Fraud Recovery		64,583	
Loans Receivable		2,760	
Allowance for Doubtful Accounts		(752,634)	
Total	\$	1,721,920	

#### NOTE 5: CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2023, is reported in the following table.

	Beginning Balance 1/1/2023	Increases	Decreases	Ending Balance 12/31/2023
Capital assets not being depreciated:				
Land	5,229,442		(154,831)	5,074,611
Construction in Progress	98,641	278,325		376,966
Total capital assets not being depreciated	5,328,083	278,325	(154,831)	5,451,577
Capital assets being depreciated/amortized:				
Buildings and Improvements	36,143,290	26,663	(397,427)	35,772,526
Intangible Software	430,257		(13,634)	416,623
Furniture and Equipment	3,767,356	16,592	(51,487)	3,732,461
Subscription-Based IT Arrangement	477,465			477,465
Total capital assets being depreciated	40,818,368	43,255	(462,548)	40,399,075
Less Accumulated Deprecaition for:				
Buildings and Improvements	(23,674,059)	(1,244,469)	308,852	(24,609,676)
Intangible Software	(327,400)			(327,400)
Furniture and Equipment	(3,371,228)	(206,565)	50,789	(3,527,004)
Subscription-Based IT Arrangement		(163,700)		(163,700)

#### NOTE 6: LONG TERM DEBT

The Authority has directed placement debt which may be secured by capital assets. These loans were used to acquire capital assets that provide low-income housing.

			Fiscal			
	Original		Year	Interest	Amount	
Description	Amount	<b>Issue Date</b>	Maturity	Rate	Outstanding	Other disclosures
Chateau Rainier FNMA - Refinance Debt						Secured by deed of trust on property. Must meet low income housing requirements. Upon default, all principal and accrued interest will be
Refinance Debt	\$ 10,250,000	01/01/16	2046	5.66%	\$ 8,932,099	immedicately due and payable. No prepayment penalty.
Demark FNMA - Refinance Debt						Secured by deed of trust on property. Must meet low income housing requirements. Upon default, all principal and accrued interest will be
	3,250,000	01/01/16	2046	5.66%	2,832,129	immedicately due and payable. No prepayment penalty.
Lakewood Village FNMA - Refinance Debt	4,517,719	01/01/16	2046	5.66%	3,936,850	Secured by deed of trust on property. Must meet low income housing requirements. Upon default, all principal and accrued interest will be immedicately due and payable. No prepayment penalty.
Montgrove Manor Project	65,000	05/01/11	2041	0.00%	65,000	Secured by promissory note and deed of trust. Must meet low income housing requirements, and lease the units not allow any rental unit to be vacant for six months. Upon default, the entire note shall become due and payable. No prepayment penalty.
Rurual Development - Acquire Apartment Complex	696,219	12/01/00	2041	6.88%		Interest of 5.88% is subsidized by rural development, making the interest 1%. Secured by deed of trust on property. Must meet low income housing requirements. Upon default, all principal and interest will be immediately due and payable. No prepayment is allowed.
Total	\$ 18,778,938	-		1 510070	\$ 16,076,206	

Mortgage debt service requirements to maturity are as follows:

Year Ending			Required
12/31	Principal	Interest	Debt Service
2024	411,168	879,174	1,284,480
2025	429,302	857,666	1,286,968
2026	454,725	834,908	1,289,633
2027	481,657	810,828	1,292,485
2028-2032	2,754,481	3,641,036	6,395,517
2033-2037	3,456,245	2,790,873	6,247,118
2038-2042	4,648,751	1,663,369	6,312,120
2043-2046	3,439,877	308,392	3,748,269
	16,076,206	11,786,246	27,856,590

During the year ended December 31, 2023, the following changes occurred in long-term liabilities:

	Beginning					Ending	Du Wi	e thin
Description	Balance	Add	litions	Ree	ductions	Balance	On	e Year
Direct Placement Debt:								
Mortgages	\$ 16,453,000	\$	-	\$	376,794	\$ 16,076,206	\$	370,250
Total direct placement debt:	16,453,000		-		376,794	16,076,206		370,250
Accrued Interest	75,706		-		1,508	74,198		74,198
Compensated Absences	169,725		100,388			270,113		235,430
Net Pension Liability	429,767				84,160	345,607		-
OPEB Liability	1,268,947				472,011	796,936		-
FSS Escrow Liability	508,516		81,828			590,344		590,344

	\$ 19,235,517	\$	182,216	\$	1,264,329	\$ 18,153,404	\$	1,270,223

#### NOTE 7: NET PENSION LIABILITY

The following table represents the aggregate pension amounts for all plans for the year 2023:

Aggregate Pension Amounts - All Plans					
Pension liabilities	345,606				
Pension assets	802,727				
Deferred outflows of resources	602,252				
Deferred inflows of resources	500,847				
Pension expense/expenditures	(37,017)				

#### **State Sponsored Pension Plans**

Substantially all Authority full-time and qualifying part-time employees participate in one of the statewide retirement systems administered by the Washington State Department of Retirement Systems, under the cost-sharing, multiple-employer public employee defined benefit contribution retirement plans. The state Legislature establishes, and amends, laws pertaining to the creation and administration of all public retirement systems.

The Department of Retirement Systems (DRS), a department within the primary government of the State of Washington, issues a publicly available annual comprehensive financial report (ACFR) that includes financial statements and required supplementary information for each plan. The DRS ACFR may be downloaded from the DRS website at <u>www.drs.wa.gov</u>.

# Public Employees' Retirement System (PERS)

PERS members include elected officials; state employees; employees of the Supreme, Appeals and Superior Courts; employees of the legislature; employees of district and municipal courts; employees of local governments; and higher education employees not participating in higher education retirement programs. PERS is comprised of three separate pension plans for membership purposes. PERS plans 1 and 2 are defined benefit plans, and PERS plan 3 is a defined benefit plan with a defined contribution component.

**PERS Plan 1** provides retirement, disability, and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service. Members retiring from active status prior to the age of 65 may receive actuarially reduced benefits. Retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. PERS 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30,1977.

## Contributions

The PERS Plan 1 member contribution rate is established by State statute at 6%. The employer contribution rate is developed by the Office of the State Actuary, adopted by the Pension Funding Council and is subject to change by the legislature. The PERS Plan 1 required contribution rates (expressed as a percentage of covered payroll) for 2023 were as follows:

PERS Plan 1					
[1] Actual Contribution Rates	Employer	Employee*			
January – June					
PERS Plan 1	6.36%	6.00%			
PERS Plan 1 UAAL	3.85%				
Administrative Fee	0.18%				
Total	10.39%	6.00%			
July – August					
PERS Plan 1	6.36%	6.00%			
PERS Plan 1 UAAL	2.85%				
Administrative Fee	0.18%				
Total	9.39%	6.00%			
September – December	-				
PERS Plan 1	6.36%	6.00%			
PERS Plan 1 UAAL	2.97%				
Administrative Fee	0.20%				
Total	9.53%	6.00%			

\* For employees participating in JBM, the contribution rate was 12.26%.

PERS Plan 2/3 provides retirement, disability and death benefits. Retirement benefits are determined as 2% of the member's AFC times the member's years of service for Plan 2 and 1% of AFC for Plan 3. The AFC is the average of the member's 60 highest-paid consecutive service months. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. PERS Plan 2/3 members who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a benefit that is reduced by a factor that varies according to age for each year before age 65. PERS Plan 2/3 retirement benefits are actuarially reduced if a survivor benefit is chosen. Other PERS Plan 2/3 benefits include a COLA based on the CPI, capped at 3% annually. PERS 2 members are vested after completing five years of eligible service. Plan 3 members are vested in the defined benefit portion of their plan after ten years of service; or after five years of service if 12 months of that service are earned after age 44.

PERS Plan 3 defined contribution benefits are totally dependent on employee contributions and investment earnings on those contributions. Members are eligible to withdraw their defined contributions upon separation. Members have multiple withdrawal options, including purchase of an annuity. PERS Plan 3 members are immediately vested in the defined contribution portion of their plan.

# Contributions

The PERS Plan 2/3 employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. The rates are adopted by the Pension Funding Council, and are subject to change by the Legislature. The employer rate includes a component to address the PERS Plan 1 Unfunded Actuarial Accrued Liability (UAAL).

As established by Chapter 41.34 RCW, Plan 3 defined contribution rates are set at a minimum of 5% and a maximum of 15%. PERS Plan 3 members choose their contribution rate from six options when joining membership and can change rates only when changing employers. Employers do not contribute to the defined contribution benefits.

The PERS Plan 2/3 defined benefit required contribution rates (expressed as a percentage of covered payroll) for 2023 were as follows:

PERS Plan 2/3					
[1] Actual Contribution Rates	Employer 2/3	Employee 2*	Employee 3**		
January – June					
PERS Plan 2/3	6.36%	6.36%	Varies		
PERS Plan 1 UAAL	3.85%				
Administrative Fee	0.18%				
Total	10.39%	6.36%			
July – August					
PERS Plan 2/3	6.36%	6.36%	Varies		
PERS Plan 1 UAAL	2.85%				
Administrative Fee	0.18%				
Total	9.39%	6.36%			
September – December					
PERS Plan 2/3	6.36%	6.36%	Varies		
PERS Plan 1 UAAL	2.97%				
Administrative Fee	0.20%				
Total	9.53%	6.36%			

\* For employees participating in JBM, the contribution rate was 15.90%.

\*\* For employees participating in JBM, the minimum contribution rate was 7.50%.

The Authority's actual PERS plan contributions were \$57,076 to PERS Plan 1 and \$169,782 to PERS Plan 2/3 for the year ended December 31, 2023.

## **Actuarial Assumptions**

The total pension liability (TPL) for each of the DRS plans was determined using the most recent actuarial valuation completed in 2023 with a valuation date of June 30, 2022. The actuarial assumptions used in the valuation were based on the results of the Office of the State Actuary's (OSA) 2013-2018 Demographic Experience Study and the 2021 Economic Experience Study.

Additional assumptions for subsequent events and law changes are current as of the 2022 actuarial valuation report. The TPL was calculated as of the valuation date and rolled forward to the measurement date of June 30, 2023. Plan liabilities were rolled forward from June 30, 2022, to June 30, 2023, reflecting each plan's normal cost (using the entry-age cost method), assumed interest and actual benefit payments.

- Inflation: 2.75% total economic inflation; 3.25% salary inflation
- Salary increases: In addition to the base 3.25% salary inflation assumption, salaries are also expected to grow by service-based salary increase.
- Investment rate of return: 7.00%

Mortality rates were developed using the Society of Actuaries' Pub. H-2010 mortality rates, which vary by member status (e.g. active, retiree, or survivor), as the base table. OSA applied age offsets for each system, as appropriate, to better tailor the mortality rates to the demographics of each plan. OSA applied the long-term MP-2017 generational improvement scale, also developed by the Society of Actuaries, to project mortality rates for every year after the 2010 base table. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout their lifetime.

Methods did not change from the prior contribution rate setting June 30, 2021 Actuarial Valuation Report (AVR). OSA did make an assumption change to adjust TRS Plan 1 assets, LEOFF Plan 1/2 assets, and LEOFF participant data to reflect certain material changes occurring after the June 30, 2022 measurement date.

# **Discount Rate**

The discount rate used to measure the total pension liability for all DRS plans was 7.0%.

To determine that rate, an asset sufficiency test was completed to test whether each pension plan's fiduciary net position was sufficient to make all projected future benefit payments for current plan members. Based on OSA's assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return of 7.0% was used to determine the total liability.

# Long-term Expected Rate of Return

The long-term expected rate of return on the DRS pension plan investments of 7.0% was determined using a building-block-method. In selecting this assumption, OSA reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered Capital Market Assumptions (CMAs) and simulated expected investment returns provided by the Washington State Investment Board (WSIB). The WSIB uses the CMA's and their target asset allocation to simulate future investment returns at various future times.

# Estimated Rates of Return By Asset Class

The table below summarizes the best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2023. The inflation component used to create the table is 2.2% and represents the WSIB's most recent long-term estimate of broad economic inflation.

Asset Class	Target Allocation	% Long-Term Expected Real Rate of Return Arithmetic
Fixed Income	20%	1.5%
Tangible Assets	7%	4.7%
Real Estate	18%	5.4%
Global Equity	32%	5.9%
Private Equity	23%	8.9%
	100%	

# Sensitivity of the Net Pension Liability (Asset)

The table below presents the Authority's proportionate share\* of the net pension liability calculated using the discount rate of 7%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6%) or 1-percentage point higher (8%) than the current rate.

Plan	1% Decrease (6%)	Current Discount Rate (7%)	1% Increase (8%)
PERS 1	482,837	345,606	225,835
PERS 2/3	873,062	(802,727)	(2,179,494)

# **Pension Plan Fiduciary Net Position**

Detailed information about the State's pension plans' fiduciary net position is available in the separately issued DRS financial report.

# Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the Authority reported its proportionate share of the net pension liabilities or assets as follows:

Plan	Liability (Asset)
PERS 1	345,606
PERS 2/3	(802,727)

At June 30, The Authority's proportionate share of the collective net pension liabilities or assets was as follows:

Plan	Proportionate	Proportionate	Change in
Pidli	Share 6/30/22	Share 6/30/23	Proportion
PERS 1	0.01544%	0.01514%	-0.00030%
PERS 2/3	0.02008%	0.01959%	-0.00050%

Employer contribution transmittals received and processed but the DRS for the fiscal year ended June 30, 2023, are used as the basis for determining each employer's proportionate share of the collective pension amounts reported by the DRS in the *Schedule of Employer and Nonemployer Allocations* for all plans.

## **Pension Expense**

For the year ended December 31, 2023, the Authority recognized pension expense as follows:

	Plan	Pension Expense	
Γ	PERS 1		(59,325)
Γ	PERS 2/3		22,307

# **Deferred Outflows of Resources and Deferred Inflows of Resources**

At December 31, 2023, the Authority reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

PERS 1	Deferred Outflows of	Deferred Inflows of	
	Resources	Resources	
Differences between expected and actual	\$-	\$-	
experience			
Net difference between projected and actual	\$-	\$ (38,986)	
investment earnings on pension plan investments	\$ -	\$-	
Changes in assumptions	\$-	\$-	
Changes in proportion and differences between			
contributions and proportionate share of			
contributions	\$-	\$ -	
Contributions subsequent to the measurement date	\$-	\$-	
TOTAL	\$ -	\$ (38,986)	

PERS 2/3	Deferred Outflows of Deferred Inflow Resources Resources		Deferred Inflows of	
PERS 2/3			esources	
Differences between expected and actual				
experience	\$	163,515	\$	(8,969)
Net difference between projected and actual				
investment earnings on pension plan investments		-		(302,516)
Changes of assumptions		337,013		(73,455)
Changes in proportion and differences between				
contributions and proportionate share of		27,518		(76,921)
Contributions subsequent to the measurement date		74,207		-
TOTAL	\$	602,252	\$	(461,861)

TOTAL ALL PLANS	Deferred Outflows of	Deferred Inflows of	
	Resources	Resources	
Differences between expected and actual	\$ 163,515	\$ (8,969)	
experience			
Net difference between projected and actual	-	(341,502)	
investment earnings on pension plan investments			
Changes of assumptions	337,013	(73,455)	
Changes in proportion and differences between			
contributions and proportionate share of	27,518	(76,921)	
Contributions subsequent to the measurement date			
	74,207	-	
TOTAL	\$ 602,252	\$ (500,847)	

Deferred outflows of resources related to pensions resulting from the Authority contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31,

2024. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	PERS 1		PERS 2/3	
2024	\$	(26,524.30)	\$	(161,291.21)
2025		(33,357.46)		(189,338.64)
2026		20,567.69		235,275.99
2027		328.26		88,122.08
2028		-		87,654.44
Thereafter		-		5,760.83

## NOTE 8: OTHER POST-EMPLOYMENT BENEFITS

The following table represents the aggregate OPEB amounts for all plans subject to the requirements of GASB Statement 75 for the year 2023.

Aggregate OPEB amounts - All Plans				
OPEB Liabilities	\$	799,260		
Deferred outflows of resources		1,162		
OPEB Expense		(471,418)		

## **Plan Description**

The Authority administers a Post-Retirement Health Care Program under a single employer defined benefit Other Post Employment Benefit (OPEB) plan. This plan administered by the Health Care Authority (HCA) per RCW 41.05.065, the Public Employees Benefits Board (PEBB) created with the HCA, is authorized to design benefits, and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria for both active retired employees. PEBB programs include medical, dental, life and long-term disability. Benefits are offered to retirees at a subsidized rate.

The benefits are provided in accordance with a substantive plan, in which the plan terms are understood by the employers and plan members not formalized in a contract or plan document. The PEBB retiree OPEB plan is available to employees who elect to continue coverage and pay the administratively established premiums at the time they retire under the provisions of the retirement system to which they belong.

At December 31, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits		1
Active employees		43
	Total	44

## **Assumptions and Other Input**

The actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about retirement ages, mortality, and healthcare cost trend. The actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The Authority's total OPEB liability of \$799,260 was measured as of June 30, 2023, with a valuation date of June 30, 2023. The alternative method permitted under GASB 75 was used to calculate the liability instead of

an actuarial valuation. The Entry Age actuarial cost method and the recognized immediately amortization method were used in this calculation. There are no assets in this plan, therefore, no asset valuation method was used.

The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement period, unless otherwise specified:

Discount rate - Beginning of	
0 0	2.540/
Measurement Year	3.54%
Discount Rate - End of Measurement	
Year	3.65%
Base Mortality Table	PubG.H-2010
Age Setback	0 years
	MP-2017-Long-Term
Mortality Improvements	Rates Generational
	3.5% + service based
Projected Salary Changes	increases
	Initial rate ranges
	from about 2-16%,
	reaching an ultimate
	rate of approximately
Healthcare Trend Rates	3.8% in 2075.
Inflation Rate	2.35%
Post-Retirement Participation	
Percentage	60%
Percentage with Spouse Coverage	45%

The source of the discount rate is the Bond Buyer General Obligation 20-Bond Municipal Index.

Mortality rates were based on the Pub. H-2010 healthy and disables tables. The Society of Actuaries publishes this document. The Washington State Actuary applied offsets to the base table and recognized future improvements in mortality projections using RPEC MP-2017 long-term rates. No age offset was applied. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout his or her lifetime.

Specific assumptions are as follows:

It was assumed that two thirds of members will select a Uniform Medical Plan (UMP) and one third will select a Kaiser Permanente (KP) plan. The specific assumptions are as follows:

- UMP pre and post Medicare costs and premiums are equal to the Uniform Medical Plan Classic.
- The KP pre-Medicare costs and premiums are 50/50 blend of JP classic and KP value.
- The KP post-Medicare costs and premiums are equal to KP WA Medicare.

The estimated retirement service for each active cohort was based on the average entry age of 35, with maximum service of 1 year. For example, an age 47 member is assumed to have 12 years of service. Service is a component of benefit eligibility. Assumptions for retirement, disability, termination, and mortality are based on the 2020 PEBB OPEB Actuarial Valuation Report (AVR). For Simplicity, Plan 2 decrement rates were assumed. Additionally, all employees were assumed to be retirement eligible at age 55 and all employees retire at age 70. Based on an average expected retirement age of 65, an active mortality rate for ages less than 65 and retiree

mortality rate for ages 65+ was applied. Each cohort is assumed to be a 50/50 male/female split. It was further assumed that eligible spouses are the same age as the primary member.

Dental benefits are not included when including the Total OPEB Liability, as dental benefits represent less than 2 percent of the accrued benefit obligations under the 2020 PEBB OPEB AVR.

## **Sensitivity Rates**

GASB 75 requires an analysis of the impact of changing the Healthcare Team and Discount rate assumptions by 100 basis points. The following tables present the total OPEB liability of the Authority at December 31, 2023, adjusted for that assumption change.

 Dis	count	Rate Sensitiv	vity	
	Curre	ent Discount		
1% Decrease		Rate		1% Increase
\$ 984,689	\$	799,260	\$	654,531

 Health (	Care 7	Frend Rate Se	nsit	ivity
	Cu	rrent Health		
1% Decrease	Care	e Trend Rate		1% Increase
\$ 626,595	\$	799,260	\$	1,032,158

# **Changes in Total OPEB Liability**

The table below presents the changes in the total OPEB Liability:

Total OPEB liability - beginning		1,274,046
Service cost	\$	86,455
Interest Cost		48,103
Changes in assumptions		(605,976)
Benefit payments		(3,368)
Net change in total OPEB liability		(474,786)
	_	
Total OPEB liability - ending	\$	799,260

Deferred outflows of resources of \$1,162 resulting from payments subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended December 31, 2024.

## NOTE 9: DEFERRED CONTRIBUTION PENSION PLAN

The Authority's Section 457 Plan is a single employer defined contribution plan. Plan benefit terms have been established by the Washington State department of Retirement Deferred Compensation Program (DCP) and the Authority's personnel policy. The Authority makes matching contributions on behalf of participating employees. No assets are accumulated in trusts or equivalent arrangements by the Authority which meet the criteria in GASB 73, paragraph 101. The plan assets are administered by a third party, which is the Washington State Department of Retirement Systems – Washington State Investment Board.

Plan assets are held in each employee's name and are the property of the employee and are 100% vested upon contribution.

Contribution rates for employees can change annually and are limited by the State of Washington DCP regulations and IRS Section 457 limitations. Per the DCP program, the minimum contribution is \$30 per month and cannot exceed \$19,500 per year. The Authority matches up to 6% of wages after 12 months of employment. Pension expense and employer contributions for the Authority was \$47,996, for the year ended December 31, 2023.

# NOTE 10: SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITA)

The Authority entered into a five-year software as a service (SaaS) subscription-based agreement with Yardi Systems, Inc. on November 18, 2020. The contract remains in full force until the 5<sup>th</sup> anniversary date of November 18, 2025 with an auto renewal in 1 year increments after the expiration of the initial five year contract unless 30 day written notice is given prior to the expiration of the initial contract. For fiscal years 2020, 2021, and 2022 the contract rate was paid at the beginning of the fiscal year and amortized over the course of the year. Beginning in fiscal year 2023 the Authority moved from monthly amortization to GASB 96 Accounting for Subscription Based Information Technology Arrangements (SBITA).

The Yardi Systems, Inc. fee schedule includes basic services covering licenses, budgeting & forecasting, mobile inspections, invoicing, rent portal, and SharePoint document management. The initial fee schedule did not include payment processing, added in fiscal year 2023, or screening services, added in fiscal year 2024, therefore the initial contract rate of \$163,699.61 was used for fiscal year 2023 and the increase rate of \$180,543.21 was used for fiscal years 2024 and 2025. The initial fee schedule consists of \$163,699.61 annually for services not including support services, tax, per use fees, or implementation costs.

The net present value of the contract was calculated using our FNMA Loan Rate of 5.66%. The amortization was calculated using the straight-line method.

	Beg Bal	Increases	Decreases	End Bal
Subscription assets	477,465			477,465
Accumulated Amortization		(163,700)		(163,700)
Net Subscription asset	477,465	(163,700)		313,766

The total amount of subscription assets, and the related accumulated amortization is as follows:

The Authority recognized variable fees of \$30,118.67 including training, conferences, and support. No termination penalties were recognized in 2023 or included in the measurement of the subscription liability.

As of December 31, 2023, the principal and interest requirements to maturity are as follows:

Year ended December 31	Principal	Interest	Total
2023	163,700		163,700
2024	161,200	9,671	170,872
2025	152,565	9,153	161,719

# NOTE 11: CONDENSED FINANCIAL INFORMATION

Ending Position	\$ (3,389,262)	\$ (1,779,156)	\$ 674,708			

# NOTE 12: CONTINGENT LIABILITIES

The Authority receives significant financial assistance from federal, state, and local agencies in the form of grants and operating subsidies. HUD provided approximately 80% of the Authority's operating revenue in the current year. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the agreements and are subject to audit by the grantor agencies; therefore, to the extent tat the Authority has not complied with rules and regulations governing the grants, if any, refunds of any money received may be required.

Management believes there are no significant contingent liabilities relating to compliance with grant rules and regulations.

## NOTE 13: RISK MANAGEMENT

The Authority is a member of the Housing Authorities Risk Retention Pool (HARRP), now called Synchrous Risk Management. Utilizing Chapter 48.62 RCW (self-insurance regulation) and Chapter 39.34 (Interlocal Cooperation Act), fifty-five public housing authorities in the states of Washington, Oregon, California originally

formed HARRP in March 1987. HARRP was created for the purpose of providing a pooling mechanism for jointly purchasing insurance, jointly self-insuring, and/or jointly contracting for risk management services. HARRP is a U.S. Department of Housing and Urban Development (HUD) approved self-insurance entity of utilization by public housing authorities. HARRP has a total of eighty-two member/owner housing authorities in the states of Washington, Oregon, California, and Nevada. Thirty-five of the eighty-two members are Washington State public housing entities.

New members are underwritten at their original membership and thereafter automatically renew on an annual basis. Members may quit upon giving notice to HARRP prior to their renewal date. Members terminating membership are not eligible to rejoin HARRP for three years. HARRP can terminate membership after giving a sixty (60) day notice prior to the renewal date. Termination does not relieve a former member from its unresolved losses incurred during membership.

General and Automobile Liability Coverage is written on an occurrence basis, without member deductibles. Errors and Omissions coverage (which includes Employer Practices Liability) is written on claims made basis, and the members are responsible for 10% of the incurred costs of the claims. The Property coverage offered by HARRP is on a replacement cost basis, with deductibles ranging from \$1,000 to \$25,000. (Due to special underwriting circumstances, some members may be subject to greater deductibles and E & O co-payments). Fidelity coverage is also offered, with limits of \$100,000 (with options up to \$500,000) for employee dishonesty, forgery, or alteration and \$10,000 for theft with deductibles similar to the retention of Property.

Coverage limits for General Liability, as well as Errors and Omissions are \$2,000,000 per occurrence with no annual aggregate. Property limits are offered on an agreed amount, based on each structure's value. Limits for Automobile Liability are covered at \$2,000,000 with no aggregate. HARRP self-insurance \$2 million of coverage for liability lines. For property, HARRP retains the first \$2 million and then purchases \$45 million of excess insurance from Munich Reinsurance for a combined total of \$47,000,000. The HARRP Board of Directors determines the limits and coverage terms, at its sole discretion.

HARRP provides loss control and claim services with in-house staff and retained third party contractors.

HARRP is fully funded by member contributions that are adjusted by the HARRP Board on the basis of independent actuarial studies. These assessments cover loss, loss adjustment expenses, excess insurance, reinsurance, and other administrative expenses. HARRP does not have the right to assess the membership for any shortfall in its funding. Such shortfalls are made up through future rate adjustments.

In the past three years, no settlements exceeded insurance coverage.

# NOTE 14: PRIOR PERIOD ADJUSTMENTS

A prior period adjustment of (\$4,778) was made for Fiscal Year 2023. The adjustment was related to the Housing Choice Voucher program to adjust the beginning balance for Fiscal Year 2023.

# NOTE 15: IMPLEMENTATION OF GOVERNMENTAL ACCOUNTING BOARD PRONOUCEMENTS

At December 31, 2023, the Authority implemented GASB 96, Subscription Based Information Technology Arrangements (SBITA). A SBITA is defined as a contract that conveys control of the right to use other party's information technology software along or in combination with tangible capital assets, as specified in the contract for a period of time in an exchange or exchange-like contract. This Statement requires SBITAs for government end users to be recorded as a right-to-use subscription asset and a corresponding subscription liability. The subscription asset should be initially measured as the sum of (1) the initial subscription liability amount, (2) payments made to the SBITA vendor before commencement of the subscription term, and (3) capitalizable

implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. A government should recognize amortization of the subscription asset as an outflow of resources over the subscription term.

Upon implementation of this standard, the Authority added a note disclosure describing the software SBITA and information regarding variable payments.

There was no effect on beginning net position, however a software intangible asset was moved to a software SBITA in accordance with GASB 96.

# PIERCE COUNTY HOUSING AUTHORITY NOTES TO REQUIRED SUPPLEMENTAL INFORMATION - PENSION AS OF DECEMBER 31 LAST EIGHT FISCAL YEARS

# NOTE 1: Information Provided

GASB 68 was implemented for the year ended September 30, 2015, therefore there is no data available for years prior to 2014.

# NOTE 2: Significant Factors

There were no changes of benefit terms, significant changes in the employees covered under the benefit terms or in the use of different assumptions.

# NOTE 3: Covered Payroll

Covered payroll has been presented in accordance with GASB 82, *Pension Issues*. Covered payroll includes all payroll on which a contribution is based.

# NOTE 4: Change in contribution rate

Rates in effect during the periods covered by the Required Supplemental Information are below:

Expenditures

Pierce County Housing Authority Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2023

The accompanying notes are an integral part of this schedule.

# PIERCE COUNTY HOUSING AUTHORITY NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2023

# NOTE 1: Basis of Accounting

The Schedule of Expenditures of Federal Awards is prepared on the same basis of accounting as Pierce County Housing Authority's financial statements. Since the Federal grants are considered to be either subsidy based or cost reimbursement grants, amounts reported on the Schedule of Expenditures of Federal Awards are based on revenues, rather than expenses.

# NOTE 2: Program Costs

The amounts shown as current year expenditures represent only the federal grant portion of the program costs. Actual program costs, including the Housing Authority's portion, may be more than shown.

# NOTE 3: Indirect Cost Rate

The Housing Authority has elected to not use the 10-percent de minimus indirect cost rate allowed under the Uniform Guidance.

## NOTE 4: Rural Rental Housing Loan

In 2014, the Authority was approved by the USDA Rural Housing Service to receive a loan totaling \$696,219 for the acquisition of an apartment complex. The amount listed on this schedule is the outstanding loan balance as of January 1, 2023, amounting to \$336,999. The balance of the Rural Rental Housing loan on December 31,2023, was \$304,266.

#### **ABOUT THE STATE AUDITOR'S OFFICE**

The State Auditor's Office is established in the Washington State Constitution and is part of the executive branch of state government. The State Auditor is elected by the people of Washington and serves four-year terms.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.

In fulfilling our mission to provide citizens with independent and transparent examinations of how state and local governments use public funds, we hold ourselves to those same standards by continually improving our audit quality and operational efficiency, and by developing highly engaged and committed employees.

As an agency, the State Auditor's Office has the independence necessary to objectively perform audits, attestation engagements and investigations. Our work is designed to comply with professional standards as well as to satisfy the requirements of federal, state and local laws. The Office also has an extensive quality control program and undergoes regular external peer review to ensure our work meets the highest possible standards of accuracy, objectivity and clarity.

Our audits look at financial information and compliance with federal, state and local laws for all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits and cybersecurity audits of state agencies and local governments, as well as state whistleblower, fraud and citizen hotline investigations.

The results of our work are available to everyone through the more than 2,000 reports we publish each year on our website, <u>www.sao.wa.gov</u>. Additionally, we share regular news and other information via an email subscription service and social media channels.

We take our role as partners in accountability seriously. The Office provides training and technical assistance to governments both directly and through partnerships with other governmental support organizations.
